

LCF Expansion Fundraising Plan

May 3, 2009

Our desire is to reach as many people as possible with the good news of Jesus Christ. The new building is simply a tool to be used towards achieving that goal. We believe it is a resource God wants us to invest in the current and future work He has called us to here at London Christian Fellowship.

What is the plan?

- Raise the approximately \$1 million-\$1.2 million to build a new facility. We have already raised \$360,000.
- Wait to build until we have raised at least \$500,000.
- Get commitments for monthly giving that would be enough for loan payments after we reach \$500,000. This would be over and above current giving, not deducted from it, so we can continue to carry out the work we're doing.
- Take out a loan from Eastern Mennonite Missions for the remainder of the amount. The terms of this loan will need to be approved by the congregation.
- Make a goal to break ground by the end of the year 2010. We feel this will challenge us, but is not overly aggressive.
- Market our current facilities after construction is well under way.
- Implement other fund raising ideas like selling items on eBay, requesting contributions on the website, contacting former LCF attenders, etc.
- Make our building fund more visible. Someone has already volunteered to create a visible indicator of where we are at in our fund raising efforts.
- Encourage those who believe in and support the ministry of LCF to be involved in a variety of ways:
 - (1.) Praying regularly for God's guidance and provision.
 - (2.) Giving sacrificially to the project.
 - (3.) Finding tangible ways to help the project. Some ideas include...
 - Organizing or participating in a fund-raising project.
 - Asking friends and relatives if they would be interested in supporting our ministry.
 - Helping in other organizational aspects of the project

After prayerful consideration, please complete the following information, detach and place in offering or box in the foyer by Sunday, May 17.

Faith Commitment

Name(s): _____ (Optional)

I plan to support the LCF expansion project by:

- Praying regularly for God's guidance and provision.
- Giving \$ _____ per (*circle one*: week / month / year) over and above my regular giving.
- Helping in the following tangible ways to promote, organize and complete this project:
